

ARIZONA STATE UNIVERSITY

RELEASE AND INDEMNITY
FOR SCHOOL SPONSORED TRIPS TO ASU

Activities: Participation in the Mars Student Imaging Project at the Mars Space Flight Facility

Name of School and Sponsor/Teacher (please print legibly):

I am signing this statement on behalf of the School/Sponsor to bring students to the ASU campus to participate in the Activities described above. This Release and Indemnity Statement covers all events and occurrences associated with the Activities, including participation and observation.

I represent that the School/Sponsor has obtained all required permissions and releases from the parents or guardians of the students, to release ASU from any unexpected events that may occur and result in harm, injury or illness to the participants or loss of property while the children are participating in or observing the Activities. The School/Sponsor agrees not to sue ASU for any harm or damage associated with participation or observation in the Activities if the harm or damage is not due to the negligence or fault of ASU. The School/Sponsor also agrees to indemnify ASU and accept responsibility for all damages or injuries that are the result of the School/Sponsor's negligence.

Sponsor/School agrees to provide (at a minimum) the following adult to child ratio for all Activities and at all times that the children are on the ASU campus: one (School/Sponsor) adult for each ten children. The School/Sponsor agrees to provide each adult supervisor with adequate safety and emergency procedures and contact information. School/Sponsor is solely responsible for making appropriate arrangements for adult supervision in housing facilities and for transportation and food. Children may not be left unattended on ASU property or in any ASU facility, including the Memorial Union and the libraries.

In this agreement, "ASU" means Arizona State University, the Arizona Board of Regents, the State of Arizona and their employees and agents.
