Launch System

Rocket (required)

Rocket Nose Cone (required)

Power System
Computer System

Battery (solar only)

Microprocessor (required)

Main Bus (required)
Mobility System
(not required for orbiter and stationary lander missions)
(Choose optional systems to increase science points)
Entry, Descent & Landing System
(not required for orbiter missions)

- Heat Shield (required for Mars & Titan)
- Parachute (required for Mars & Titan)
- Landing System (required)
ASTROBIOBOUND: THE SEARCH FOR LIFE IN THE SOLAR SYSTEM

Titan

(Choose instruments to increase science points. Add as many as you like!)
